## STORY OF THE GRINDER

The term 'Grinder' evolved from the blending of Italian family tradition and American Culture.

East coast shipyards often employed immigrants from Italy to set and grind rivets in the building of huge ships. With limited time for lunch, workers were not able to return home for a traditional hot hearty midday meal, so their families baked fresh bread loaded with meats and cheese. The shipyard foreman would alert the workers to the arrival of their fresh lunch by yelling out "GRINDERS!"

Over time the term 'grinder' came to represent the Italian meal of meats, melted cheese and fresh vegetables layered on over-sized oven baked bread.

At Rudino's we continue the tradition, offering many varieties for you to enjoy. Every Grinder is served on freshly-baked bread made from scratch on site daily. Our cheese is a blend of provolone and mozzarella, perfectly melted for you to enjoy. We are generous with our meats and take pride in making sure each Grinder is fully loaded, end to end, bite to bite.

We hope you're hungry!

Enjoy!

## OUR PIZZA COMMITMENT

The Rudino's pizza is an upscale pie with generous portions of meats, fresh vegetables and cheese. Rudino's in-house bakery prepares delicious, made from scratch fresh dough daily. We do not buy prepared or frozen dough balls. Our flavorful sauce recipes are prepared daily while our vegetables are sliced fresh everyday. We pride ourselves on freshness and consistency - to ensure that every bite is perfect for our customers.
